About the Night Book

The Night Book serves to assure our Hotline is answered 24/7 during the hours when the Intergroup office is closed by forwarding incoming calls to the phone of a Night Book volunteer, usually during the hours of 5PM to 9AM daily.

At the end of each business day, the volunteer in the Intergroup office will phone the listed Night Book volunteer to “transfer the phones.” A second call is usually made to confirm the transfer has gone through. The following morning the volunteer in the Intergroup office will transfer the phones back to the office.

The Night Book week runs from Saturday to Friday. Well prior to the start of the week, the group Night Book Coordinator submits the below list to Night Book, and receives a virtual Night Book case containing information which might be useful to a Night Book volunteer during the shift.

Your participation in this service as a Night Book group coordinator or daily volunteer is critical to achieving our goal of having a member of AA available to any alcoholic or anyone else reaching out to AA in Nassau County 24/7.

Thank you for your service.
