

Literature at the Intergroup Association of Nassau, Inc.

"Let Literature Carry the Message Too."

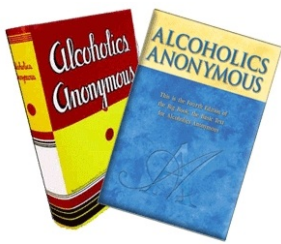

Since the 1939 publication of the "Big Book," *Alcoholics Anonymous*, our Fellowship has relied on our literature to speak for the AA program of recovery. While each generation of AAs may come to interpret that program through the lens of its own experience, the core program remains unchanged in our basic text. At the same time, as our experience as a Fellowship has grown and the values of the society around us have evolved, our literature offerings have also grown beyond just the "Big Book."

From Intergroup—

Intergroup offers a full catalogue of both AAWS and AAGV literature and related items along with a few Intergroup self-published offerings. Some select books and other items from those catalogues are shown below. Click the label of any image for more details.

Catalogue—
